Hi,

Yeah, I know!

Worse? I'm at a conference most of next week, and then on vacation the week after.

So I've been working hard to wrap this up. Almost there.

I think I can get the Census 2000 data too.

Hi Chris,

It is crazy to think I only have a week and a half of work left! I know you are busy, but the North Deering concern is something I hate to leave unfinished. I was wondering if you have made progress on the mapping and census tract application for the Portland data. Also, do you have access to the Census 2000 gender/age-specific population files for the Census Tracts within Portland?

Thanks for your help!  
Castine
